

HEALTH INSURANCE CAN BE VERY CONFUSING! PLEASE, LET US PROVIDE **FREE** BENEFITS VERIFICATION.

A BRIEF EXPLANATION OF BASIC HEALTH INSURANCE

AS IT PERTAINS TO CHIROPRACTIC BENEFITS...

[IN NETWORK] The doctor has been chosen by the health insurance company to represent their network. Because of this, often the deductibles are much lower than out-of-network doctors (or non-existent). Network doctors and the co-pays are much lower, as well!

We are **IN NETWORK** with the following insurance companies:

AETNA

UNITED HEALTHCARE

PHCS HEALTHCARE

ACTIV / GUARDIAN / COVENTRY

[OUT OF NETWORK] The doctor has decided not to join these particular health networks but can still accept, in many cases, the patients as an insurance patients. The challenge can be higher deductibles, co-pays, and co-insurances.

We are **OUT OF NETWORK** with the following insurance companies:

BLUE CROSS BLUE SHIELD

CIGNA

Of course, we **VALUE** your patronage...
